BioCube®

The BioCube® family of aquariums and accessories has become a hobbyist favorite. With the familiar bull-nose glass front, each BioCube® aquarium comes with all the necessary components built-in so you can spend more time enjoying your aquatic habitat and less time setting it up. The family of BioCube® accessory products allows users to tailor their aquatic ecosystem even more.

BioCube® Aquariums

Modern design – innovative all-inclusive aquarium!

The BioCube® aquarium includes a modern sleek hood to better complement the bull-nose glass front. Included is vibrant LED lighting capable of sustaining and growing healthy, vibrant corals and live plants requiring low to medium light. Each aquarium is 2" taller than the original, creating a larger viewing area with the 16 and 32 sizes.

Key Features:

- **Sleek modern hood with vibrant LED Lighting**
 - Bright white LEDs for daytime
 - Sparkling blue Moon Clows for nighttime
 - Color enhancing LEDs for maximum beauty
- **Integrated 24-hour timer with three independent channels**
 - Automatic 30 minute sunrise/sunset and 60 minute moonrise/moonset functions
- **Compact and customizable filtration chamber**
- **Hinge-top canopy design (also compatible with Coralife® BioCube® 14 and 29)**
- **Quiet submersible pump, dual intakes and adjustable return nozzle**
- **Clear glass back panel for easy refugium set-up**
- **Compatible with all BioCube® accessories**

Smart BioCube® Jr Aquarium

The Coralife® Smart BioCube® Jr -
the ultimate innovation in all-inclusive aquariums!

With its sleek, low-profile hood featuring vibrant White and Blue LED lighting, compact and customizable filtration chamber already built into the back, along with a quiet submersible pump, dual intakes, and adjustable return nozzle for easy setup and maintenance. This BioCube® aquarium is designed to make sustaining an aquarium of Corals and fish effortless.

Our Smart BioCube® aquarium takes management to the next level. With app-controlled lighting, you can now easily adjust and program your aquarium's lighting schedule directly from your smartphone using the Aqueon® BlueIQ™ App. Whether you're at home or on the go, creating the perfect lighting environment for your aquatic ecosystem has never been easier.

Key Features:

- **SMART lights:** featuring both White and Blue LED, each independently controllable via the Aqueon® BlueIQ™ system. Enjoy a pre-programmed 24-hour schedule for optimal lighting or create your own schedule, down to the minute, for every single day.
- Includes filter, cartridge, and full submersible pump.
- Integrate backwall filtration chambers to hold biological, mechanical and chemical media.
- Backwall chamber includes submersible pump, dual intakes and adjustable return nozzles.
- Compatible with all BioCube® accessories.
- Fits with Coralife® Designer BioCube® Aquarium Stand, Size 14/16.

BioCube® Filter Cartridges

BioCube® premium filter cartridges feature dual-action filtration. The dense woven floss acts as a prefilter to clear detritus and debris while the activated carbon removes odor, organics and discoloration. The rigid frame ensures that water passes through the cartridge and not around it for optimal water filtration.

Lighting

The Coralife® brand offers a complete range of light fixtures suitable for a wide variety of fresh and saltwater aquariums.

Seascape Smart LED Lights

Now available!

Unlock a realm of possibilities with the Coralife® Seascape Smart LED Lights! Seamlessly control your aquarium's ambiance using the BlueIQ™ app ensuring unparalleled controllability from any location. Immerse yourself in complete color customization, 24/7 scheduling convenience, and full spectrum lighting tailored for both freshwater and saltwater plants. Our commitment to optimal performance involves continuous research and development, guaranteeing the precision of lux/par details. These Smart LED Lights redefine your interaction with the aquatic environment, transforming the aquarium experience.

Key Features:

- Create customized lighting schedules, including day/night cycles and sunset/sunrise
- 24-hour, 7-days a week scheduling available
- Choose from several preset lighting options for a quick start
- Adjust light intensity to your preference
- Introduce simulated lightning storms or clouds for dynamic environments
- Incorporate a strip light on top for additional aquarium illumination
- Full spectrum lighting (verification ongoing with R&D)
- Optimal light for freshwater or saltwater fish and low-medium light level plants (verification ongoing)
- On/off switch for use without the app and for use with a timer
- Adjustable mounting brackets to fit various aquarium sizes.

Water Care Solutions

Foster the well-being of a saltwater environment and maintain crystal-clear water with Coralife® water care solutions. From the initial setup to routine weekly maintenance, Coralife® products offer an effortless approach to supporting a healthy saltwater aquarium. The range of water care products is crafted with the utmost consideration for marine ecosystems, providing comprehensive solutions to create and maintain optimal conditions for aquatic inhabitants.

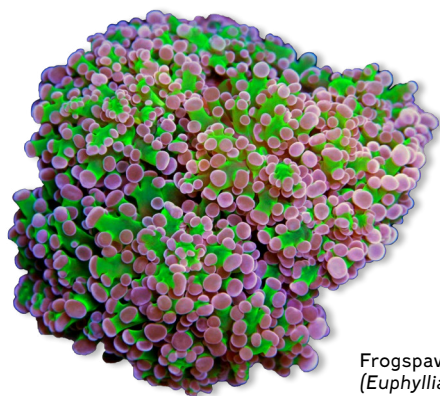

Pure

Coralife® **Pure** contains millions of beneficial living marine bacteria and enzymes that will live on aquarium surfaces and break down the ammonia and nitrite that is created by fish waste and excess food. Enzymes help break down organic sludge that often causes poor water quality. Coralife® **Pure** can be used for aquarium start up and as a weekly water routine to help reduce aquarium cleaning and maintenance. Cannot be overdosed.

Designed for BioCube® and Nano Reef Aquariums.

100544155	1 fl oz (30 mL)	12	1.5 x 1.5 x 4.5	0 96316 00168 8

Filtration

Coralife® filtration products are designed to efficiently remove harmful microorganisms and other impurities to improve overall water quality for delicate aquatic ecosystems.

DC-Controlled Protein Skimmers

The Coralife® DC-Controlled Square Protein Skimmers, a breakthrough in design and efficiency. With a tapered reaction chamber and larger neck for reduced buildup, these skimmers boast durability and easy cleaning with a sleek, compact form.

The Hang-on-Back DC-Controlled Mini Protein Skimmer offers a compact solution with minimal leaks, suitable for aquariums up to 65G.

Equipped with advanced features like easy-to-remove collection cups, small footprints for seamless sump integration, and variable-speed pumps controlled via an inline remote with four preset settings, these skimmers ensure optimal performance for tanks up to 150G and 300G, respectively.

Marine Filter with Protein Skimmer

watch the video
Coralife.com

Coralife® Marine Filter with Protein Skimmer is designed for reef and saltwater aquariums. Each unit is equipped with an adjustable air flow dial that controls the volume of microbubbles created. The debris collection cup can be removed and quickly emptied. Additionally, the motor has a needle wheel impeller that optimizes skimming. Also included is a replaceable large carbon cartridge and phosphate removing specialty media pad.

Item No.	Size	Case Qty.	Retail Package Dimension (Item Dimension) (L" x W" x H")	UPC

Specialty Equipment

Coralife® specialty equipment covers a broad assortment of products designed to maintain, clean and regulate your aquarium resulting in a vibrant healthy aquatic environment.

Turbo-Twist® UV Sterilizers

Ultraviolet sterilizers provide a means for ridding aquarium water of free-floating algae, parasites and harmful microorganisms. Water is pumped through the sterilizer chamber where ultraviolet light eliminates the unwanted microorganisms resulting in a clean and clear aquarium environment.

Coralife® Turbo-Twist® ultraviolet sterilizers feature a unique twist-flow design that guides water to flow more evenly through the sterilizer, increasing water's exposure to ultraviolet light and improving the treatment of unwanted algae and harmful microorganisms. Easy to set up and install, includes mounting brackets for hang-on or in-line applications. For freshwater or saltwater applications.

Item No.	Size	Recommended Aquarium Size	Case Qty.	Retail Package Dimension (Item Dimension) (L" x W" x H")	UPC
100115600	3X 9 Watt	Up to 125 gallon	6	14 x 16.5 x 11.5 (11 x 3.5 x 3.5)	0 96316 15600 5
100115601	6X 18 Watt	Up to 250 gallon	6	16.75 x 18 x 14 (13 x 3.75 x 3.75)	0 96316 15601 2

Bio-Balls

Although compact in size, the one inch diameter Bio-Balls are geometrically designed to provide a large surface area for beneficial bacteria to grow. Typically used in sump filtration systems, Bio-Balls are a good choice to promote the growth of beneficial nitrifying bacteria within the aquarium filter or refugium.

Item No.	Size	Case Qty.	Retail Package Dimension (L" x W" x H")	UPC
100108072	5 Gallon	1	15 x 13 x 13	0 96316 00792 5

Pure-Flo Filter Pads

Keeping your aquarium water clear and clean is one of the best things you can do for the health and well being of your fish, corals and live plants. Pure-Flo filter pads offer a highly efficient method for removing debris and particulate matter from your aquarium water. The result is a clear and clean aquarium that both you and your livestock will appreciate.

Features:

- Durable polyester construction
- Machine washable and reusable
- Can be cut to fit any mechanical filter application
- For saltwater or freshwater aquariums
