Folded Brain Coral
(*Trachyphyllia* sp.)

BioCube®

The BioCube® family of aquariums and accessories has become a hobbyist favorite. With the familiar bull-nose glass front, each BioCube® aquarium comes with all the necessary components built-in so you can spend more time enjoying your aquatic habitat and less time setting it up. The family of BioCube® accessory products allows users to tailor their aquatic ecosystem even more.

Zoanthid Colony
(Zoanthus sp.)

Modern design – innovative all-inclusive aquarium!

The LED BioCube® aquarium includes a modern sleek hood to better complement the bull-nose glass front. Included is vibrant LED Lighting that is capable of sustaining and growing healthy, vibrant corals and live plants requiring low to medium light. Each aquarium is 2" taller than the original, creating a larger viewing area with the 16 and 32 sizes.

Key Features:

- Sleek modern hood with vibrant LED Lighting
 - Bright white LEDs for daytime
 - Sparkling blue Moon Glows for nighttime
 - Color enhancing LEDs for maximum beauty
- Integrated 24-hour timer with three independent channels
 - Automatic 30 minute sunrise/sunset and 60 minute moonrise/moonset functions
- Compact and customizable filtration chamber
- Hinge-top canopy design (also compatible with Coralife® BioCube® 14 and 29)
- Quiet submersible pump, dual intakes and adjustable return nozzle
- Clear glass back panel for easy refugium set-up
- Compatible with all BioCube® accessories

BioCube® Filter Cartridges

BioCube® premium filter cartridges feature dual-action filtration. The dense woven floss acts as a prefilter to clear detritus and debris while the activated carbon removes odor, organics and discoloration. The rigid frame ensures that water passes through the cartridge and not around it for optimal water filtration.

Coralife.com

Improved Easy Assembly - No Glue Required!

Showcase your prized aquatic habitat on this sleek modern pedestal stand designed to complement Coralife® BioCube® aquariums. Easy to set up and made of water-resistant materials.

Features:

- Black tinted acrylic door panels with slim handles
- **Solid back for added stability** with cut-out holes for routing electrical cords
- Shelf for convenient storage of tools, equipment and food
- Sturdy feet to keep the base elevated

Assembly
Required

BioCube® Circulation Pump

The Coralife® BioCube® Circulation Pump was developed to simulate natural river and reef currents by continuously circulating water. The pump is designed with an easy-lock suction cup, swivel ball head adjuster and cord clips that allow positioning in any location.

Item No.	Fits Aquarium	Case Qty.	Retail Package Dimension (L" x W" x H")	UPC
100534242	Up to 30 Gallons	24	5.5 x 2.75 x 3.75 (4 x 2.375 x 2.375)	0 96316 00060 5

BioCube® Algae Cleaning Magnet and Replacement Pad

The BioCube® Algae Cleaning Magnet and Pad are specially designed for curved glass aquariums. The weighted scrubber cleans thoroughly and makes retrieval simple.

Item No.	Product	Case Qty.	Retail Package Dimension (L" x W" x H")	UPC
100115637	Algae Cleaning Magnet Small	24	4.875 x 2.125 x 7.625	0 96316 15637 1

BioCube® Protein Skimmer

The Coralife® BioCube® Protein Skimmer now includes adjustable hanging clips for easy placement, an integrated air pump, and no longer needs an air stone. It effectively removes dissolved organics from saltwater for BioCubes and standard aquariums up to 32 gallons in size. This unit includes an adjustable air flow valve to control the velocity of skimming and easy to access removable collection cup for routine maintenance. It also features a self-priming pump making setup simple.

Item No.	Size	Case Qty.	Retail Package Dimension (Item Dimension) (L" x W" x H")	UPC
100538604	BioCubes 16, 29, 32	12	8.25 x 7.625 x 2.5 (2.25 x 2.25 x 7.25)	0 96316 00080 3

BioCube® Mini UV Sterilizer

watch the video
Coralife.com

Low voltage ballast with 5W bulb aids in eliminating harmful parasites, bacteria and free-floating algae. Designed for attachment to the existing BioCube® pump for easy set-up and use.

Item No.	Product	Case Qty.	Retail Package Dimension (Item Dimension) (L" x W" x H")	UPC
100115640	Mini UV Sterilizer	12	8.25 x 4.5 x 2.375 (7 x 2 x 2)	0 96316 15640 1
100115641	5W Replacement UV Lamp	24	6 x 3 x 2 (4.5 x 2 x 2)	0 96316 15641 8

Lighting

The Coralife® brand offers a complete range of light fixtures and replacement lamps suitable for a wide variety of fresh and saltwater aquariums. Whether you are looking for an energy efficient LED with full controllability or a high-power fluorescent light, there is something in the mix for you.

Seascape LED Lights

Coralife® Seascape LED lights are ideal for a thriving aquatic ecosystem, and are equipped to sustain medium light plants and low light corals.

Features:

- *RF Remote Control*
- *24-Hour Timer - Independently controlled white LEDs, blue Moon Glows and Color Enhancing RGB LEDs*
- *Bright LED Lighting - PAR levels sustain and grow medium light level plants and low light corals*
- *Natural Day Cycle – Automatic 30 min. ramp times to mimic a gradual sunrise/sunset and moonrise/moonset environment*
- *Unlimited Color Combinations – 8 preset colors with the ability to manually adjust light intensity in 10% increments*

Item No.	Size	Fits Aquarium	Case Qty.	Retail Package Dimension (Item Dimension) (L" x W" x H")	UPC
100533651	18-24"	10, 15, 20X, 20H, 30X, 16 Bow, 26 Bow	6	5.875 x 3.75 x 20.75 (20 x 4.5 x 1.75)	0 96316 00056 8

100533653	48-54"	33L, 40L, 55, 72 Bow, 75, 90	6	5.875 x 3.75 x 48.875 (48 x 4.5 x 1.75)	0 96316 00058 2

Fun fact:

Zoanthids make a great starter coral and come in a wide variety of bright colors!

Zoanthid Colony
(Zoanthus sp.)

Mini LED Aqualight

The Mini LED Aqualight provides an excellent light source that is 3X brighter than the former fluorescent version making it ideal for small planted aquariums, nano tanks, sumps, and refugiums. The adjustable legs and adhesive mounting brackets allow for both horizontal or vertical placement.

Features:

- RF remote with individual 24-hour timer for the white, blue and RGB LEDs
- Manually adjustable color intensity, in 10% increments
- 8 preset color options with a 3-speed color scroll mode
- Automatic 30 minute ramp times for gradual sunrise/sunset and moonrise/moonset

Item No.	Size	Fits Aquarium	Case Qty.	Retail Package Dimension (Item Dimension) (L" x W" x H")	UPC
100532384	12-18"	2.5, 5.5	6	5.5 x 2.5 x 13.5 (12.875 x 4.5 x 1.75)	0 96316 00054 4

Marine Clip-On LED Light

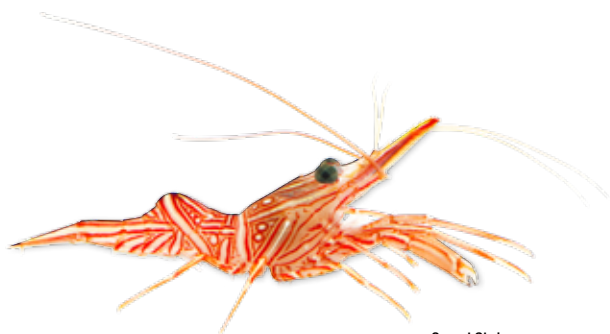

This elegant super thin Clip-On LED light will provide optimal lighting for a bright thriving environment. Contains a soft-touch switch and versatile mounting screw which can be used with framed or frameless aquariums.

Features:

- 3-way soft-touch control (All On/Blue On/All Off)
- 60 bright LEDs with blue spectrum for a deep sea look
- Ideal for marine aquariums up to 20 gallons

Item No.	Case Qty.	Retail Package Dimension (Item Dimension) (L" x W" x H")	UPC
100533614	6	8.75 x 3.5 x 8.5 (8 x 7 x 4.75)	0 96316 00055 1

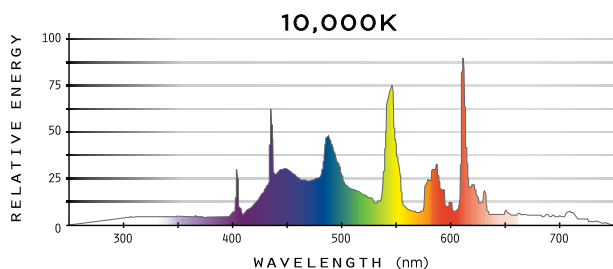

Camel Shrimp
(*Rhynchocinetes spp.*)

T8 Replacement Lamps

Replacement lamps for the most commonly used T8 fluorescent aquarium hoods and strip lights. Compatible with electronic or magnetic ballasts.

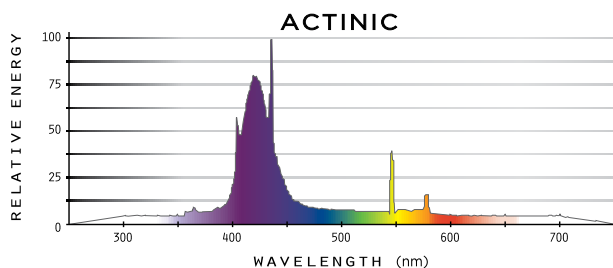

10,000K Daylight

10,000K Daylight lamps cast sparkling bright white rays and provide high-lumen output to simulate the midday tropical sun. An excellent choice for both saltwater and freshwater aquariums.

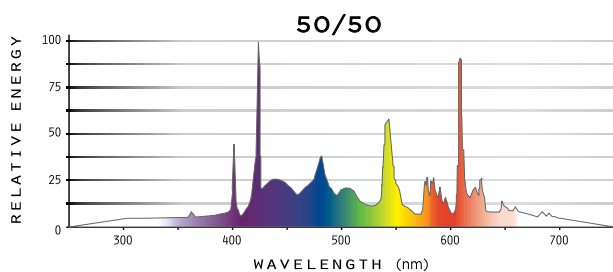

Actinic Bluelight

Actinic Bluelight lamps emulate the softer shades of blue light found at dawn, dusk and in deeper water. With a spectral peak at 420 nanometers, actinic lamps promote photosynthesis and cause corals to fluoresce in beautiful glowing colors. For use with saltwater and coral reef aquariums.

50/50

50/50 lamps feature a combination of 10,000K Daylight and Actinic Bluelight. Primarily used for saltwater and coral reef aquariums.

Water Care

Support a healthy saltwater environment and help maintain clear water, with Coralife® brand water care. From start up to weekly maintenance, Coralife® Marine Pure's easy dosing system simplifies saltwater aquarium keeping.

Marine PURE

New Item

Coralife® Marine **PURE** contains millions of beneficial living marine bacteria and enzymes that will live on aquarium surfaces and breakdown the ammonia and nitrite that is created by fish waste and excess food. Enzymes help break down organic sludge that often causes poor water quality. Coralife® Marine **PURE** can be used for aquarium start up and as a weekly water routine to help reduce aquarium cleaning and maintenance. Cannot be overdosed.

Designed® for BioCube and Nano Reef Aquariums.

Frogspawn Coral
(Euphyllia sp.)

Filtration

Coralife® filtration products are designed to efficiently remove harmful microorganisms and other impurities to improve overall water quality for delicate aquatic ecosystems.

Cone Skimmer

The advanced cone-shaped design concentrates the foam as it rises, resulting in more efficient skimming. The surface-to-surface interaction between water and air bubbles is maximized lower in the column where the micro-bubbles attach to the organic proteins in your aquarium water. As the bubbles rise, the cone shape naturally concentrates the foam at the top to reduce the amount of water between micro-bubbles. This produces a drier and more productive foam as it reaches the collection cup.

Super Skimmers

watch the video
Coralife.com

Coralife® protein skimmers are highly effective at removing dissolved organic compounds from aquarium water and make an effective addition to your saltwater or reef aquarium filtration system. The unit's design is adaptable for both hang-on aquarium mounting or in-sump set-up. The wide collection cup neck and large air intake tube provide for efficient skimming.

Item No.	Size	Case Qty.	Retail Package Dimension (Item Dimension) (L" x W" x H")	UPC
100105271	65 Gallons	4	10.625 x 7.875 x 15.75 (6 x 8 x 20.5)	0 96316 33000 9

Marine Filter with Protein Skimmer

Coralife® Marine Filter with Protein Skimmer is designed for reef and saltwater aquariums. Each unit is equipped with an adjustable air flow dial that controls the volume of microbubbles created. The debris collection cup can be removed and quickly emptied. Additionally, the motor has a needle wheel impeller that optimizes skimming. Also included is a replaceable large carbon cartridge and phosphate removing specialty media pad.

Porcelain Anemone Crab
(*Neopetrolisthes oshimai*)

Specialty Equipment

Coralife® specialty equipment covers a broad assortment of products designed to maintain, clean and regulate your aquarium resulting in a vibrant healthy aquatic environment.

Turbo-Twist® UV Sterilizers

Ultraviolet sterilizers provide a means for ridding aquarium water of free-floating algae, parasites and harmful microorganisms. Water is pumped through the sterilizer chamber where ultraviolet light eliminates the unwanted microorganisms resulting in a clean and clear aquarium environment.

Coralife® Turbo-Twist® ultraviolet sterilizers feature a unique twist-flow design that guides water to flow more evenly through the sterilizer, increasing water's exposure to ultraviolet light and improving the treatment of unwanted algae and harmful microorganisms. Easy to set up and install, includes mounting brackets for hang-on or in-line applications. For freshwater or saltwater applications.

Item No.	Size	Recommended Aquarium Size	Case Qty.	Retail Package Dimension (Item Dimension) (L" x W" x H")	UPC
100115600	3X 9 Watt	Up to 125 gallon	6	14 x 16.5 x 11.5 (11 x 3.5 x 3.5)	0 96316 15600 5
100115601	6X 18 Watt	Up to 250 gallon	6	16.75 x 18 x 14 (13 x 3.75 x 3.75)	0 96316 15601 2

UV Sterilizers help treat and prevent unwanted algae and are an ideal solution for green water algae.

Turbo-Twist® UV Replacement Lamps

Coralife® Turbo-Twist® UV Replacement Lamps are available for your Turbo-Twist® UV Sterilizer. For optimal performance, it is recommended to replace your Turbo-Twist® UV lamp after 4,000 hours of operation or every 6 months.

Aqua Gloves

Coralife® Aqua Gloves are full-arm length gloves that keep arms and hands completely dry. Measuring 28" in length, the sleeves are flexible and topped with elastic banding to hold them in place. The glove portion is made of an extremely durable textured rubberized material making them ideal for handling anemones, live rock, coral, or lobsters.

Item No.	Size	Case Qty.	Retail Package Dimension (L" x W" x H")	UPC
100108127	1 Pair	12	13 x 2 x 5	0 96316 09505 2

Digital Thermometer

Accurately monitor aquarium water temperature from -10°F to 140°F (-23°C to 60°C) in either Fahrenheit or Celsius at 0.1° increments. Temperature probe is attached to thermometer display unit by a 39" lead wire that can be placed in a convenient spot to be monitored. Choose constant temperature monitoring, or turn the unit off to save battery power (LR44 battery is included).
